## Congratulations on getting treated with Curodont™ Repair Fluoride Plus today!

Curodont™ Repair Fluoride Plus by vVARDIS is an innovative, painless, drill-free solution for fighting against early decay.

Thanks to its patented formulation, early-stage tooth decay can be treated in a single, pain-free appointment, without any injection or drilling.

### For continued success of the treatment, it's essential to follow a few key behaviors

- Avoid rinsing, eating or drinking for 30 minutes
- Daily thorough oral care

- Regular dental visits
- Follow a healthy, balanced diet
- Minimize sugar intake
